

Legacy

Legacy national certification may be granted to any Searcher upon written request to the GSAR-NACP Administration Office by their P/T Association through the Legacy Application. To be granted legacy, a member should be in good standing with a GSAR group for at least 10 years, within the P/T Association, or by AHJ.

As part of the Legacy Application, an Assessor must attest to the individual's continued service and training as a Searcher, and that the competency requirements, continued training and experience for Searcher as outlined in CSA Z1620-15 Core competency standards for ground search and rescue operations: Searcher, Team Leader, and SAR Manager have been met. Legacy applications will only be considered until December 31st, 2024.
